TO: Vocational Rehabilitation Providers and other stakeholders  
FROM: Theresa Koleszar, Director, Bureau of Rehabilitation Services  
RE: Uncompensated Employment Outcomes: WIOA Change  
DATE: September 1, 2016

The Workforce Innovation and Opportunity Act (WIOA) requires that all employment outcomes with Vocational Rehabilitation Services (VR) meet the definition of competitive, integrated employment or supported employment. Therefore, uncompensated employment outcomes such as homemaker and unpaid family worker are no longer considered valid employment outcomes in accordance with 34 CFR 361.5(c)(15). Vocational rehabilitation counselors will not initiate any new individualized plans for employment (IPE) with an uncompensated employment outcome. VR will continue to provide services to eligible individuals as outlined on current IPE's with uncompensated employment outcomes and must complete services and close these cases by June 30, 2017.

The attached Resource Directory lists Federal, State, and local programs and providers that may offer services and supports that would meet the needs of an individual who chooses to pursue an uncompensated employment outcome.
